## About CVMFT

With the continued growth of Clevedon and surrounding areas, the demand for high quality, easily accessible entertainment is increasing. The **Clevedon Valley Music Foundation Trust** has been established by local residents to provide New Zealand artists with the opportunity to perform and to share their talents. The trustees of CVMFT are intent on developing and expanding its highly successful current **Sunday Serenades at St Andrew's** concert series, and are now presenting more ambitious artistic projects including cross-genre collaborations in the arts of music, dance, literature, visual and audio visual works featuring group and individual expression.

Performing artists in NZ and especially South Auckland, are always in need of quality venues with receptive audiences - and they need promotion. Our local residents are seeking accessible music near home. The older generation and busy families struggle to find the extra time and cost for travelling to city venues. Young performers find it hard to draw an audience for a one-off occasion.

*We are supporting performers by providing and facilitating venues and audiences and thus encouraging communities (particularly in South Auckland and Franklin) to develop a culture of concert-going. We provide scholarships for young performers with financial assistance and performance opportunities. We believe this is a vital pathway for the future of the Arts.*

As the Maori text on the logo tells us:

“Music binds us all together”

We hope that this Trust will bring people together to celebrate and enjoy the multi-layered benefits of Music and Art.

## Clevedon Valley Music Foundation Trust in 2020

The trustees of CVMFT are preparing for a big year ahead, and are delighted to announce an exciting programme for 2020, opening with *The Hills Are Alive... with the Sound of Music, Art and Dance!* on Sat 14 March in the Clevedon Hall.

The very popular Sunday Serenades series commences in May with a beautiful programme of traditional and folk music from far and wide. Then in July, we are delighted to welcome the St Andrew's Big Band in a snappy line-up of favourite hits. The final concert in November will feature those young performers who continue to astound and delight us with their charm and talent.

Now into its 3<sup>rd</sup> year, CVMFT continues to grow and fulfil the goals of the organisation. An exciting new scholarship will be announced in May, and we will be supporting several artists in their pursuit of excellence and higher achievement. We are always looking for support – of all kinds – so please contact one of the trustees to have a chat and find out more!
